Pupil Response

What are your thoughts?

- 1. Sometimes the bible stories are hard to understand. There need to be easier versions for us to read.**
- 2. We need to do more work for charity. Especially thinking about the planet.**
- 3. We need to know more about how we can help people in different ways.**
- 4. Maybe we could have groups to help us understand what Jesus wanted us to do.**
- 5. We should get points in school for following the mission of Jesus.**
