Staff Response

What are your thoughts?

- 1. There needs to be a clearer message of love, rather than having a list of things that we do wrong.**
- 2. More meetings where we can discuss themes of how we can spread the word of Jesus.**
- 3. Use more modern technologies to spread the word. We could focus more on the internet to help get the word out.**
- 4. Be visible in the community. Advertise and get people in. Make people feel like they are part of the mission.**
- 5. Look at modern ways of spreading the word. Maybe a movie night where the film has the same gospel values as the scripture. Then it can be discussed afterwards.**
