### What are your thoughts?

- 1. There needs to be a message that no one will be discriminated against and all will be treated equally in church.**
- 2. More could be done to create a community feel for example parish fun days, film nights to help get people together.**
- 3. People (not just priests) should be able to spread the message that the church is there for people. This could be done in more of a digital way.**
- 4. Parishes could put on community events to show that everyone is welcome and work with churches that aren't Catholic.**
- 5. Churches could offer more in terms of an online presence for people who can't get out of the house.**
