

**DOES YOUR CHILD NEED TO COME TO A&E?**

CHECK YOUR CHILD'S SYMPTOMS AND  
WHAT YOU CAN DO FOR THEM WITH

# ALDER HEY'S Symptom Checker

IT'S  FAST  EASY TO USE  RELIABLE

The image shows a screenshot of the Symptom Checker website interface. The browser address bar displays [www.alderhey.nhs.uk](http://www.alderhey.nhs.uk). The page header includes the NHS logo and the text "Alder Hey Children's NHS Foundation Trust". A navigation menu contains links for "Your Stay", "Our Services", "A Healthier Future", "Our People", and "Join Us". The main heading is "Symptom Checker" with the subtext "Search and click on the symptoms below to learn more about your child's health issues and how to manage them or to seek further support". Below this is a search bar with the placeholder "Type keyword" and a magnifying glass icon. A keyboard layout is shown below the search bar, with letters A through Z highlighted. The main content area features a grid of blue buttons for various symptoms: "Abdominal pain (tummy ache)", "Crying Baby", "Diarrhoea and vomiting", "Difficulty breathing or noisy breathing", "Earache", "Fever / High Temperature", "Headache", "Limp", "Sore throat", "Unwell child", and "Vomiting Baby".

WE ARE  
STILL IN THIS  
TOGETHER

Should you visit A&E?  
Or can you treat symptoms at home?

OUR NEW SYMPTOM CHECKER WILL OFFER  
YOU ADVICE YOU CAN TRUST.
