

Windsor Gardens

During the spring term 1E visited Windsor Gardens to work with Kev the gardener. Kev taught us about spring and the changes in the seasons. We planted wild flowers in the flower beds.

World book day

We celebrated world book day by dressing up as our favourite characters from our favourite books. We also had a virtual visit from the author and illustrator Emma Reynolds, who read her book to us and taught us how to draw a bat.

PE

In the spring term we worked with coach Noah on developing our net and wall skills, we learnt how to control a ball with a tennis racquet. We also practiced our gymnastic skills and learnt how to move in different ways and balance on different apparatus.

Music with Rosy

This term we have been working with Rosy to learn how to play the song "we are in the groove" on a number of different instruments including the glockenspiel.

Art

During the Spring term we learnt all about the artists Jackson Pollock and Mark Rothko. We used paint to create a colour field painting in the style of Mark Rothko.

Beebots and code-apillars

In ICT we learnt all about coding and algorithms. We used our new skills to create code for the beebots and code-apillars to get them from the start to the finish of the tricky courses that we made.

Thank you for all of your cooperation so far this year.

We just have a few reminders for you:

- Mr Edwards and Miss Melville upload weekly onto seesaw—this is a great way to see what your children are up to in school. If you do not have your login please ask your child's class teacher.
- When we return back to school we will be in our summer uniforms.
- Please return any Read Write Inc books you may have at home, all children will be in new Read Write Inc groups when we return after Easter.
