

Relationship, Sex and Health Education Policy (RSHE) 2024

St Matthew' Catholic Primary School

Chair of Governors	Deacon R Burke	
Headteacher	Mrs C Sime	
Date adopted: September 2024	Review Date: September 2025	

"Love, Learn and Shine Together with Jesus."

Rationale

'I HAVE COME THAT YOU MIGHT HAVE LIFE AND HAVE IT TO THE FULL'

(Jn.10.10)

We are involved in Relationship, Sex and Education (RSE) precisely because of our Christian beliefs about God and about the human person. The belief in the unique dignity of the human person made in the image and likeness of God underpins the approach to all education in a Catholic school. Our approach to RSE therefore is rooted in the Catholic Church's teaching of the human person and presented in a positive framework of Christian ideals.

At the heart of the Christian life is the Trinity; Father, Son and Spirit in communion, united in loving relationship and embracing all people and all creation. As a consequence of the Christian belief that we are made in the image and likeness of God, gender and sexuality are seen as God's gift, reflect God's beauty, and share in the divine creativity. RSE, therefore, will be placed firmly within the context of relationship as it is there that sexuality grows and develops.

Following the guidance of the Bishops of England and Wales and as advocated by the DFE (and the Welsh Assembly Government) RSE will be firmly embedded in the PSHE/RSHE framework as it is concerned with nurturing human wholeness and integral to the physical, spiritual, emotional, moral, social and intellectual development of pupils. It is centred on Christ's vision of being human as good news and will be positive and prudent, showing the potential for development, while enabling the dangers and risks involved to be understood and appreciated.

All Relationship, Sex and Health Education RSHE will be in accordance with the Church's moral teaching. It will emphasise the central importance of marriage and the family whilst acknowledging that all pupils have a fundamental right to have their life respected whatever household they come from. It will also prepare pupils for life in modern Britain.

<u>Aim</u>

St Matthew's Catholic Primary School aims to provide a suitable programme that follows the statutory need to include RSHE into their curriculum from September 2020 which meets the ethos of its Catholic identity and mission.

The purpose of this Relationship, Sex and Health Education (RSHE) policy is to set out the ways in which the school's provision supports pupils through their spiritual, moral, social, emotional and physical development, and prepares them for the opportunities, responsibilities and experiences of life growing up in today's world.

Our School's mission embraces the spiritual, physical, intellectual, emotional, moral and social development of children and young people, and through an agreed approach to Relationship and Sex Education (RSE) using the Archdiocesan recommended resource 'Journey In' Love 2020 we believe that we can promote the development of the whole child, so that children can grow in *virtue*, *wisdom and stature*, understanding both the emotional, social and physical aspects of growing spiritually, as well as moral aspects of relationships within a context of a Christian vision for the purpose of life.

The other aspects of the Statutory curriculum intent will be met by carefully following a mix of strategies to ensure that the children in St Matthew's Catholic Primary School receive an RSHE curriculum that is tailored towards their needs. (See Appendix 7)

The Purpose

The aims of Relationship, Sex and Health Education (RSHE) at St Matthew's Catholic Primary School are to:

- Provide a framework in which sensitive discussions can take place.
- Help pupils develop feelings of dignity, self-worth, self-respect, confidence and empathy.
- Prepare pupils for puberty and give them an understanding of sexual development and the importance of health and hygiene.
- Create a positive culture around issues of sexuality and relationships.
- Teach pupils the correct vocabulary to describe themselves and their bodies.

Statutory Requirements

At St Matthew's Catholic Primary School, we must provide Relationships Education to all pupils as per section 34 of the Children and Social work act 2017.

In teaching Relationship and Sex Education, we must have regard to Catholic Education Service guidance issued by the Bishops Conference of England and Wales 2017.

The statutory guidance from the Department for Education issued under Section 80A of the Education Act 2002 and section 403 of the Education Act 1996 Appendix A

The statutory guidance from the Department for Education Equality Act 2010.

Policy Development

This policy has been developed in consultation with staff, pupils and parents. The consultation and policy development process involved the following steps:

1. Review – SLT, Mr Edwards (RSHE lead), Mrs Pritchard (PSHE lead) including relevant national and local guidance.

- 2. Staff consultation all school staff were given the opportunity to look at the policy and make recommendations in staff meeting. (See Appendix 7 and 8)
- 3. Parent/stakeholder consultation parents and any interested parties including the Diocesan adviser/schools officers were invited to attend meetings about the policy. (See Appendix 5 and 6)
- 4. Pupil consultation we investigated what exactly pupils want from their Relationship Sex and Health Education through pupil voice questionnaires. (See Appendix 4)
- 5. Ratification once amendments were made, the policy was shared with governors and ratified.

Definition

Relationship, Sex and Health Education involves a combination of sharing information, and exploring issues underpinned by our Catholic values.

Relationship Sex and Health Education is about the emotional, social and cultural development of pupils, and involves learning about personal relationships, sexual health, sexuality, healthy lifestyles, diversity and personal identity.

Curriculum

We have developed our curriculum with recommendations from the Archdiocesan Education Department to ensure that they meet with Catholic Church teaching.

After consultation with parents Relationship Sex Education will be covered using the Archdiocesan recommended resource 'Journey In Love' 2020 this includes *sexual intercourse at Year 6. (See right of withdrawal – Appendix 5)

We have considered the age, stage and feelings of pupils and have consulted with parents and staff to ensure we are offering a quality curriculum which is adequately catered to meet their needs.

See Appendix 7 – RSHE Curriculum Overview

If pupils ask questions outside the scope of our curriculum, teachers will respond in an appropriate manner so they are fully informed and do not seek answers online.

Delivery of Relationship, Sex and Health Education (RSHE)

Relationship Sex and Health Education (RHSE) is taught both discretely and within the Personal, Social and Health Education (PSHE) curriculum lessons. Some aspects of the RSHE curriculum may be touched upon in other lessons as it shares links with Religious Education, Science and Physical Education.

Lessons have been planned throughout the year so that RSHE is complimented by other areas of the curriculum. (See Appendix 6)

Our RSHE will ensure that content is relevant to the age, experience and maturity of pupils. We have ensured that age appropriate elements of Life to the Full and Journey in Love are taught in a way that is sympathetic to the teachings of the Catholic Church. (Appendix 8 and 9)

The new statutory guidance for Relationships education focuses on teaching the fundamental building blocks and characteristics of positive relationships including:

- Families and people who care for me.
- Caring friendships.
- Respectful relationships.
- Online relationships.
- Being safe.

These areas of learning are taught within the context of 'family life' and could include married or single parent families, same sex parents, families headed by grandparents, adoptive parents, foster parents/carers amongst other structures, along with reflecting sensitively that some children may have a support structure around them (for example: looked after children or young carers).

As a school, we promote equality of opportunity and foster good relations. Our school environment uniformly applies values of inclusion and respect to all pupils and their families. All staff are proactive in promoting positive relationships and receive regular training. We follow the 'No Outsiders in Our School,' to cover all aspects of the Equality Act 2013.

Equal Opportunities

All pupils have access to the RSHE curriculum. Where pupils have specific educational needs, arrangements for support from outside agencies and support staff are made to ensure these pupils have an appropriate, differentiated curriculum.

Roles and Responsibility

The Governing Body

The governing body will approve the RSHE policy and hold the headteacher to account for its implementation.

The Headteacher

The headteacher is responsible for ensuring that RSHE is taught consistently across the school and for managing requests to withdraw pupils from the non-statutory element of Relationship and Sex Education in Year 6* (see right of withdrawal)

Staff

Staff do not have the right to opt out of teaching RSHE as this forms part of the Teaching Standards. Any staff who have concerns about teaching RSHE are encouraged to discuss this with the headteacher.

Staff are responsible for:

- Delivering RSHE in a sensitive way which complies with Church teaching.
- Modelling positive attitudes to RSHE.
- Monitoring progress.
- Responding to the needs of individual pupils.
- Responding appropriately to pupils whose parents wish them to be withdrawn from the non-statutory components of RSE.

Pupils

Pupils are expected to engage fully in RSHE and, when discussing issues related to RSHE, treat others with dignity, respect and sensitivity.

Parents' right to withdraw

Parents have the right to withdraw their children from the non-statutory component of sex education in Year 6. This is where sexual intercourse is taught discretely as part of the physical aspect within Journey In Love, the Archdiocesan recommended resource.

Requests for withdrawal should be made in writing and addressed to the headteacher. The headteacher will discuss the request with parents and take appropriate action.

Alternative work will be given to pupils who are withdrawn from RSE.

Parents do not have the right to withdraw their children from Statutory Relationships Education as set out in the DFE guidance 2020.

Monitoring arrangements

The delivery of RSHE is monitored by Mrs Sime (head teacher), Mr Edwards (RSHE lead) and Mrs Pritchard (PSHE lead) by undertaking learning walks, staff and pupil consultations, planning and work scrutinies and questionnaires.

Pupils' development in RSE is monitored by class teachers as part of our internal informal assessment systems.

This policy will be agreed annually by the governors and reviewed every three years.

Come and See, RED and Relationship and Sex Education

Introduction

The following is intended as a guide for linking Relationship and Sex Education with Come and See and RED. Some of these aspects might be covered in the EXPLORE section where the topic is being introduced, starting with the pupil's own experience, and extending into the REVEAL and RESPOND sections. Some ideas may be used in the REVEAL process where the teaching is explicitly concerned with Scripture and the teaching of the Church. Some topics offer more explicit teaching to develop ideas about Relationship and Sex Education, some less so.

Another way of using this section is when teaching Religious Education which occurs in other aspects of the curriculum e.g. Science, P.E, PSHE etc.

Statutory Science Curriculum

Early Years Foundation Stage children learn about life cycles. Through on-going personal, social and emotional development they develop the skills to form relationships and think about relationships with others.

In Key Stage 1 children learn:

- That animals, including humans, move, feed, grow and use their senses and reproduce
- To recognise and compare the main external parts of the bodies of humans
- That humans and animals can reproduce offspring and these grow into adults
- To recognise similarities and differences between themselves and others
- To treat others with sensitivity

In Key Stage 2 children learn:

- That the life processes common to humans and other animals including nutrition, growth and reproduction
- About the main stages of the human life cycle

Dear Parent/Carer,

Pope Francis said in his recent apostolic exhortation about the need for, "A positive and prudent sex education in our schools. It can only be seen within the broader framework of an education of love, for mutual self-giving."

Over the year, Years 4, 5 and 6 will be learning in PSHE about Sexual and Relationship Education, which is authentic to the Catholic Church's teaching. Years Reception to Year 3 will undertake the programme during Science, and PSHE lessons. Pupils will learn God's love for them and how each of them is called to uphold their dignity and that of each other. All year groups follow the Come and See Religious Education programme which further supports the recommendations of Pope Francis.

St. Matthew's is using 'A Journey in Love', an excellent resource for primary schools, recommended by the Catholic Archdiocese of Liverpool. This programme will focus on personal, social and spiritual education and is used in Catholic schools across the Liverpool Archdiocese. The programme aims to help and support parents in their duty as the first educators of their child.

Our Enclosed RSHE statement highlights the key objectives for each year group:

For each session, our staff will create a secure atmosphere in which the children can learn about themselves, listen to each other and examine what the future may hold. The DVDs and support material are rooted in a Catholic understanding of the human person, and that each human-being is made in the image and likeness of God. Year 4, 5 and 6 pupils will learn more of the wonder of God's calling for them as they continue their journey towards full human maturity.

RSHE Statement:

The Governors at St. Matthew's Catholic Primary School have adopted the 'Journey in Love' programme to support the non-statutory relationships and sex education in Years 5 and 6. The programme of study is authentic to the teaching of the Catholic Church. Below is a brief outline of the content of the programme. For our Reception children:

 Children will learn that God has made them unique and that although we are all different, we are all special to him.

For our Year 1 children:

• Children will learn that they are growing and developing as members of their own and God's family.

For our Year 2 children:

Children will learn how they are growing and developing in a God-given community.

For our Year 3 children:

- Children will learn about the virtues that are essential for friendship.
- They will experience the importance of forgiveness.

For Our Year 4 children:

Children will learn how we are all different, how these differences should be celebrated and that God's love accepts us as we are and as we change.

- They will recognise how all pupils grow and develop at a different rate.
- They will identify different male and female body parts and be introduced to their various functions.
- They will learn how a baby develops in the womb.

For our Year 5 children:

- Children will learn about the physical and emotional changes that accompany puberty.
- They will learn about the internal and external changes that happen to boys and girls during puberty.
- They will learn how sexual development is a natural part of human growth and that this affects potential to become a mother or a father.
- They will learn how the menstrual cycle of a woman prepares her body for reproduction.

For our Year 6 children:

- Children will develop, in an appropriate way for their age, an understanding of sexuality and grow further in their appreciation of their dignity and worth as children of God.
- The will learn how human life is conceived.
- The will identify the organs of the human body including the male and female reproductive organs.
- They will learn how relationships develop and need time to mature and develop into love and without love how relationships fail.

As part of our commitment to you, we will hold an annual meeting for years 4, 5 and 6 to discuss the programme. You have the right to withdraw your child from this aspect of the curriculum. However, this is not to be confused with the Science curriculum, which is statutory.

If you wish, there will be an opportunity to look at resources from the 'A Journey in Love' programme on
Over the years you have always been incredibly supportive with this programme. However, if you do not want your child to be involved in this programme, please sign the slip below and return to school no later than
Thank you for your continued support.
Yours sincerely, Mrs. C. Sime

Relationship, Sex and Health Education at St Matthew's Catholic Primary School

Dear Parents and Carers,

In line with the Department for Education Guidelines 2020 we are required to consult with you when developing and renewing our policy for the new statutory Relationship, Sex and Health Education (RSHE). Your comments are important to us so to help us to decide how and when to cover the content of the statutory guidance – see attached questionnaire.

Please note the new RSHE curriculum is supplementary to, not instead of, how we currently teach Relationship and Sex Education in our school as agreed by the Bishops of England and Wales in 2017. We will continue to use the recommended resource 'Journey In Love' (which has been recently been updated to reflect the changes in the new DfE statutory guidance) to support this aspect of the curriculum.

As a Catholic school we must endeavour to follow the guidance from the Catholic Education Service on behalf of the Bishops' of England and Wales and we are required to ensure that our teaching reflects our Catholic identity and mission and to be both age and stage appropriate for our pupils. Some schools will have started to teach these new subjects from September 2020 when the Government brought in the new curriculum however, all schools have until the Spring Term 2020 to begin teaching the new curriculum. Please see the attached parent's information sheet from the DfE which outlines the proposed changes to the curriculum.

Once approved and ratified by the governing body the policy will be published on our school website and be available free of charge. If you would like a copy of the RSHE Policy please contact the school office.
